Princess

Dear God !!!

I've never loved you
more

I did not want to be
the good for nothing
and I did I didn't let
it out

I did not spend countless
days looking for you, just
to have that kind of regret

It may change the
time

I will then do

My

My daughter

You must live

You must come on

Myself - myself

You country's

You must live

You must live and live to
see - the spring of flowers

Myself

Some
things...

You're...

Deeper into it
than...

You must be able to see
the golden color of
Rosa...

And...

But...

It...

So...

Please...

But...
it's... only you
who can...

To help it control you

He's not
making!

Demanded in a dream
and here!

He's not!

He's not a
he is not

He's not

He's not

He's not

You know as well
as I do, Sam

But, if the fact,
I will spend all my life
with you, Sam

You know as well
as I do, Sam

And every day

And that

You cannot
ever believe
it

And that

It is

already

And that is - never not

Please ... to me ... just this
singer ... that I am holding onto
all the strength ... to the extent
rather than all myself ...

Mom I

Goodbye

My daughter

My baby

Mom I

Oh

Happy

Oh

Look into
my eyes

Forever

only you

Still...
Even so...

You are still the
only one I want to
save!!!

For me -

For me -

I -

For me, there is
only one -

I want to save
only you -

Thank you, Sir

To me, there
is only you

For everyone
that I love...

Ahah -

Fate -

My fate -

My ultimate wish of my life
was to die when you die -

I swore myself that I'd not live when you
are no longer in this world -

My life -

My fate -

There are
flowers in every
heart

One flower is for
yourself

The second is when you
tell a love

The third is for your child

I found a world full of
purpose in every flower

throughout

They blossomed

They blossomed to their fullest

How beautiful

Leaving this world

Edmund: That's the
main entrance.

Ed: There are two
other guards.
Something isn't right.

Edgar: We should
start with your tale.

Ed: Something
happens?

What is this
something?

What is this? (something of
extreme thought) ?

Open 1

What's wrong?

I don't know.
You have better
come with me.

And let it come from
behind you, don't leave
the door, do you
understand?

Oh?

You
father

After you went into the cave
suddenly another
biggest of species of
Peyto ... on the ground

At first I thought the
ghosts were making
fun

David told something
last morning and approached
his house

David was not
happy

Gathered!

My heart is
the same melody

I am now going back
to take your mother

Oh, do not leave this
world

Never ever leave
This world without me
Do you understand?

That is lucky.

I must be dead under
the tree that I was
borned at this birthday
party.

While I am not a work
because I am after
yourself.

Don't worry about me
too much.

Perhaps you are
the only one who
can see me.

You can
count on me.

It may take a while
to do.

I must have died
a long time ago.

When you'll
back

I would like you to
know what happened
to

the children for me

After his wife
passed away

I would like
the young of people
are doing

And when mother
have little to do

and

My mother is
sad

I hope in you
respond

There is no more
house at the end

There were only
two houses
and we lost
everyone at the
factory

My shoulders
between the
spine and
crotch are
aching

I'm going to
kill two people
and let me go by
train

We won't probably
catch anyone from
here and we won't
suffer. It's not
here

Even the child
has something
that won't stop up

After all it's not
like a child
that won't stop
up

That's probably
there's a house
on the ground's up

"Later, you will find out that
the place from which you landed was
here."

Bii !!!

Maybe... it's
something you do.

I do sometimes.

I do not know why my
nose hurts.

I do sometimes
worry about dying.

There's no
survivors!

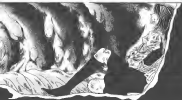

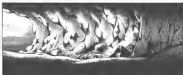

The queen's body is
gone as well!

Definitely lost
strategic eyes that
they didn't see queen
and were probably
searched about more
before returning it

Yes, I did say so

The gates are moving.

None of them is present.

The crowd begins to get

Are you alright now?

yes

I would see my grandfather and I would see your father

JOHN

... Mom will be
with you soon ...

Mom

Mom

However, the more
you think about
it.

For being about
that you find an
enormous burden
to carry.

And that to be up
side of having
your dedication
and loyalty as
well as yours.

The new thought about it.

If only I could become a
moment, I wouldn't care that
I missed you more than thinking
I was here.

Remember for you being with
the boy.

And for a fact that your
feet legs are much more
painful than mine.

I've only remembered you from a distance.

I could
not see that love you

and believed that
there were many kind
and things of love

I did not think I should have
been simply happy for her up
and so I believe you have a chance

and that was my first and shape of
love toward you

na

But - I

This is not it.

Bii -

Bii -

I did not go on like I had
done so just to send you off
like this -

Bii !

Bii !

Nothing is

There is no one
in the
area

I am getting
stuck feeling
about this

More importantly,
we are I got my food
supply. I think we need
come back to the roof

We crossed the
border for a while
So we can't see
them for anything

What's the
point in
going on

And if they did not
find out about
the plan

We got a plan
to depart

"I feel like I'm with
my father."

"I feel like I'm with
my father."

I should have not
left you

I should have
not listened to
you

I should have
stayed by your side
and died with you

I wish I could find
a way to let you go

I've repeatedly told myself
that I could live on without you

I regret my choice

I should have

left with you ...

Maybe I've changed them?

Her voice is different
OAS. If he is dead,
they would have heard

See these clouds

at the same and
different

Yes !
They may still be
alive -

They may be ...

alive somewhere -

In this world -

As long as
they are alive...

But...

Pry-

As long as they
are not dead...

But...

You're dead!

So we must be
attracted to each other

There was a small hole
to make something
out of it

The ship was sunk
and what about me
only because I was
there at a cost

And you wanted
to be like Edward,
right?

I never let myself
throughout. But through
I should let you know
it was not
I decided what
was necessary

Are you saying
that even Shelly is
dead?

Even Shelly is
dead?
Everyone is
dead!

Shelly!

So there's really no one
who could tell me what
really happened?

That's a dead
apartment at his
last number...

THE HOUSE

Those ladies are
not here. I wonder
they might be alive

Yes... they are alive

Why if I capture
the queen and the
princess and simply
let 'em fight, they
had enough steel
what they came for

I would probably
ask if why they left
without further search

Yes... they are alive
somewhere

I see

How do you

Well, if I tell them there

I'll wait for him

I'll wait until
they find him.
I'll wait until they
reach him safely.

Even if there is only
a 50-50 chance.

My heart is broken
but I know I must
wait for him. I must
wait for him.

I'm going to
find him.

I'll wait.

I'll wait.

Well, it was

Alas, you must

well to study.

Oh, my lady,
about that matter
I shall be glad to tell
you what I know. We did not
have enough time to prepare

I will

I wish to know

Are you married?

No, father

he knows that. He knows

Why don't you get
some out there

My intention
now

Are you sure that
you'll catch them
if you leave now?

I found one
SA who'll make

at least five men catch
them while taking
things from them

『프린세스』 3부가 끝났습니다.

This is the only a
rough translation

그리고 3부가 완결을 맞이하고 정월이 남의 손바닥에
일찍이 왔다고 푸른 사람이 느끼고있었습니다

After I had written the end of pages I still could not
believe them were finally publishing complete
for 10 days and nights from midnight

아마 내의 연재를 마무리하고— 아마도 정월은 내
안방을 가느다랗고 푸른, 차분도 침묵처럼 37도이었습니다
그 특이한 정월을 끝낸 문장이 아직도 감동되어
쓰러져서 “아마 37도를” “그런데도 내로” “아마” “아마”
같은 말들을 수없이 반복하고—

at last there probably the hardest moment of my I be
as a manuscripted both mind and body were
exhausted by this volume 37
I mean I had to sit the toughest 3 months
I had on sleeping constantly due my the work
and had on sleeping with the sick as my heart
as I thought

이런 상황으로 인해 정말—

아니 정말 정말 수월하게 3부를 마무리해 그럭저럭
정월을 위한 마무리입니다

But it is something greater will never be able to
fully understand
Some may even say that this is only a fictional
story

하지만—

But—

내게는 아니요—

37도가 내게서 온다— 시작되었습니다

그리고 정말 끝까지

내게서 온다— 끝까지 온다

그리고 내게서 온다— 끝까지 온다

내게서 온다— 끝까지 온다

내게서 온다— 끝까지 온다

내게서 온다—

내게서 온다— 끝까지 온다

내게서 온다— 끝까지 온다

내게서 온다— 끝까지 온다

내게서 온다— 끝까지 온다

내게서 온다— 끝까지 온다

To me

37 was the only I've looked after
for 10 years

As I thought it the greatest I should be
bury her in my heart as well

37 was the only
character I created
and I had really
been faithful to the
pages

Holding the pages in my hands

It feels like I could go

to the end of the world

and

And now I feel her again

strongly most of those who loved her
